DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-3 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims are generally narrative and indefinite, failing to conform with current U.S. practice. They appear to be a literal translation into English from a foreign document and are replete with grammatical and idiomatic errors.

In claim 1, line 1, the recitation "of the type" renders the claim indefinite.

In claim 1, line 3, the recitation "that can selectively opposed to the radial outlet" is grammatically incorrect.

In claim 1, line 8, the recitation "a shaft" appears to be a double inclusion of the "shaft recited in line 1.

In claim 1, line 14, the recitation "an annular seal" appear to be a double inclusion of the "sealing means" recited in lines 5-6.

Above is an exemplary listing. Applicant is required to review all the claims in their entirety for full compliance with 35 U.S.C. 112, second paragraph.
